

**My Fellow Georgia County Commissioners:**

Thanks for taking a moment to read this. Some of you I know personally and have worked with in various ways; some of you I hope to meet or re-meet soon (please see mug shot attached). I want to personally recommend one of our vendors to you: EMERGENCY BILLING, LLC. or (EB) hereafter.

We hadn't been satisfied with our level of accounts receivable collections so, after careful consideration, EB was hired July 2016 by our EMS Director, Rodney Gordon, in whom I have total trust. This firm is located in Maysville, GA (up near the Tennessee line). It's owned and personally operated by the husband-and-wife team of Bill and Donna Womelsdorf, who, by the way, are available anytime Rodney needs their help.

EB may have already contacted you; I'm writing just to possibly aid in "getting their foot in the door" so they can set up a time to come to Albany and talk with you or your counterpart to Rodney. EB is darn good at what they do. One of the aspects Rodney appreciated was how EB trained his personnel to ensure EB would be getting quality data from us in the future. That's an ongoing effort. Accounts receivable can't be collected unless they're properly identified, classified and quantified. EB makes it easy for our people to quickly learn what's needed for a smooth transition from accounts receivable to cash in the bank.

Give 'em a chance. I think you'll like what you see.

Sincerely,

"TD"

THOMAS L. (T. D.) DAVID  
GRADY COUNTY COMMISSIONER, DISTRICT #5

p.s. All of us here in Grady County have been praying for you in your losses from the January tornadoes. Please let me know if we can do something to help. Just know you're on our minds and hearts.

TD
